OUR STORY

Born and raised in Brisbane, Hao spent hours on end playing his favourite game, Street Fighter perfecting attack combos for every character.

With his obsession with Street Fighter, arcade games and his love for burgers, Super Combo was born.

Super Combo's menu draws inspiration from the street fighter characters who are from all over the world.

Our burgers are complemented by a tasty selection of sides including chicken wings, milkshakes and a unique collection of locally and internationally sourced specialty hot sauces.

"The full Super Combo experience will not only comprise of quality food and a distinct gaming theme but also a fun and quirky environment where you will be treated like family"

- Owner Hao Vu
